Volume 1 Issue 3

Presidents Report

Hello to all members,

As we are now winding down our official yearly activities, I want to thank everyone for their participation in our club's program. We have all experienced the challenges of the Pandemic and I hope your involvement in the club has provided some comfort and familiarity at these difficult times.

We have been forced to adapt to our current reality and while our zoom meetings may have been technically challenging at times, I think the team has done a wonderful job in delivering a sound program with lots of learning opportunities. I also enjoyed the pre-meeting time where we were able to catch up with each other. The club offers a great way to provide the social interactions that are so badly needed during these times.

We have been able to bring you a wide variety of topics with speakers from quite diverse backgrounds and the NFRCC speaker series has been another great way to enjoy and expand our photographic knowledge.

Next year may present us with the opportunity of a possible return to our regular Church venue. As we are beginning to see promise, planning has begun to allow for options to return to in person meetings while still being able to continue to utilize zoom delivery for distant presenters. A successful test was recently conducted on the new Wi-Fi capabilities in the gym, and this opens some great ways to deliver material and hold our meetings safely.

We are also hoping to extend our social interactions through the summer months by holding more informal Zoom calls, just to keep in touch and share our experiences and perhaps some photos.

I am looking forward to meeting up with both old and new members and to having a fun-filled year with the photography club when we kick off our official activities in September.

Sincerely,

Steve Hops

Message from the Editor

Hello Everyone:

It has been a good year and we have come to the end of our club meetings once again. Covid-19 has made it a trying time, but we made it work by using zoom. The speakers have all been very good and I am sure everyone learned a new tool to help in their photography. The outings were not possible due to the pandemic. Hopefully soon we will be able to once again gather together and see each other in person; it will be a good time for all.

This will also be my last Tripod Topics issue. I will be representing the club as the new Inter Club and Special Image Competitions Coordinator starting the 2021-2022 year

I am happy to announce that Shawn Brown will be taking over the job of the new editor of the Tripod Topics. I wish him luck and to enjoy the journey. I have really enjoyed my time with the Tripod Topics, it was a fun learning experience.

Take care, stay safe,

Happy Shooting!
