Gold	Nature	104	Nesting on the Cliffs	6	6	7	19			Nice and sharp, but very harsh light has made for a very contrasty image. Makes it hard to see birds...they are also so small in frame. Another time hope to have diffused light and it could be a great image with a story of the nesting more emphasized.		C3_3_N_104_Nestng_on_the_cliffs_____G_Cobley.jpg
Gold	Nature	104	Sea Stack with Trees	7	7	7.5	21.5			Nice subject. Consider placing in centre of frame as is drawing the eye too much to the left placed where it is. Good detail present but image quite contrasty.		C3_3_N_104_Sea_Stack_with_trees___G_Cobey_.jpg
Gold	Open	104	Heading to Shore	7	8	7	22			Good story!	Nice sharp photo. Would score higher if the maker cropped or removed the bottom black parts out as they distract.	C3_3_O_104_Heading_to_shore___G_Cobley.jpg

Master	Open	111	Reds	7	6.5	7.5	21			Flowers nicely photographed & arranged, but focus falling off on vase base. Background is jarring for busyness and content. Plain out of focus background would do subject more justice.		2023_Red_Flowers0674_one-four.jpg

Master	Creative	121	Dahlia Petals	6.5	7.5	8	22			Nice design, but increasing contrast should give it a bit more 'pop'.		Dahlia_Petals_Yellow_and_Purple_H_Halfyard.jpg

Master	Open	121	Sunflower & Colours	8.5	8	7	23.5		Lovely image		Sunflower is sharp and good angle. The bright colours in the background are distracting from the main flower and could be more diffused.	Sunflower_Colours_H_Halfyard.jpg

Master	Creative	128	What's in the Water (composite)	8.5	8.5	9	26	HM	Great story			C3C_What_s_in_the_Water_composite_-Cathy_Swain.jpg
Master	Nature	128	Merganser Lookout	7	7.5	8	22.5			Bird nicely photographed. Image would score higher if bird had more room to the right as there is an imbalance of negative space.		C3N_Merganser_Lookout-Cathy_Swain.jpg
Master	Open	128	5 a.m. Beauty	8	8.5	7.5	24				Beautiful sunrise colours. The horizon could be straighter.	C3O_5a_m_Beauty-Cathy_Swain.jpg
Master	Open	128	Darn Clouds	6.5	6	7	19.5			Image has potential, but this judge does not know what to make of the pink in the sky. Does not look like a natural phenomenon so very distracting and unbelievable.		C3O_Darn_Clouds_2_Swain.jpg

Gold	Nature	297	2023 Sunflower Jordan	7	5	7	19		This image does not meet the nature rules in your club, which is no cultivated plants allowed. Thus the disqualifying mark.	The sun flower is sharp and centre of attention. The sky appears to be oversaturated and there is a dust spot on left side	2023_Sunflower_Jordan-8033_.jpg

Diamond	Creative	304	Mystical Tower	7	7.5	7.5	22		The composition is very good & the color in the window adds to the image. The problem is in the clouds. It is showing some artifacts that lower the score.		Mystical_Tower_Herman_Ouwersloot_copy.jpg

Diamond	Open	304	Textured Lily Pads	6.5	6	7	19.5		Good idea. Use of polarizer would have reduced glare on water and shown subjects there as well as reduced the distracting lights and improved composition.		Textured_Lily_Pads_Herman_Ouwersloot.jpg

Diamond	Variable	306	Ford and Lincoln Greyhound Hood Ornament	7.5	7	7.5	22		Good angle of the hood ornament. Well exposed. For improvement cropping the left hand side moving up to hide the mirror would put more emphasis on the composition.		AFord_and_Lincoln_Greyhound_Hood_Ornament_S_Hops.jpg

Silver	Creative	340	Foxy	7	6.5	7.5	21		Very nice image of fox, but the only use of creativity is the presence of a texture around it, and this is not a really an appropriate or creative choice to have with the fox as it adds nothing to the story. It does however have a nice colour harmony.		Fox_Ludmila_Klammer.jpg
Silver	Nature	340	Duck	7.5	6	7.5	21		Good placement of duck. Technically need more detail in the W and B areas to show more feather detail. Image appears a bit oversharpened. Nice that the photographer got down to the bird's level.		Duck_Ludmila_Klammer.jpg

Gold	Nature	345	Windblown Coast	7	7	7	21			It terms of colour, placement of horizon and trees, composition works nicely. Image would be more effective in interest if the trees were not merged with one another and so small in frame. Try a panoramic by cropping 1/2 water and 1/3 sky. Waves a bit overexposed. Nice feeling of wind in choppy waves.		Windblown_Coast_-_Alan_Williams.jpg

Bronze	Open	354	Irish Ruins	7	6.5	7.5	21	HM			Sharp throughout. Ship is framed by 2 pillars. Orange boat stands out. Perhaps the bit of pillar of left edge could be removed. The title does not seem to match the image.	Queensferry_Scotland_mpriddle.jpg

Bronze	Open	367	Remembrance Day 2023 Fly Over	6.5	6	7	19.5			Good silhouette of the plane, but in pictorial one needs more to visually enjoy in a composition, particularly as there is so much negative empty space here.		IMGP4236_.jpg
