

James Cowie: Living Your Photography Tues. Sept. 22, 2026

Photographer and Tour Host - James Cowie - Director of Photo Tour Trekkers

James is a third generation photographer with a passion for sharing the art of capturing images through adventure travel. Exploring unique destinations around the globe, he affords his guests wonderful photographic opportunities and interesting ways to learn more about photography. James has over 40 years of experience in the photo industry, and coupled with his 22 years of travel skills, each guest will enjoy an enriching experience while expanding upon their photographic knowledge, skills and the art of observation. James also serves on the Advisory Board for the photography program at Fanshawe College, in London, Ontario.

James' number one belief is to have fun with your camera. The more comfortable and relaxed you are when out on an adventure, the better your powers of observation, resulting in more exciting images. With James' knowledge of the areas being visited along with his sense of humour, and his skills as a professional photographer, you will find yourself seeing what is out there in a different light. You will come home with great memories, new friends and amazing images.

James is well versed in Photoshop, Adobe Lightroom and many other photo management programs, and works with both MAC and PC computers. One-on-one time is always available to our photographers during our tours.

Photo Tour Trekkers has now partnered with Tourcan Vacations, one of Canada's premiere travel companies. This has opened many more travel opportunities for our photographers and guests. www.PhotoTourTrekkers.com

"Over the past years we have shared many locations, traveling to South Africa, Kenya, Tanzania, Uganda, Scotland, Death Valley, Yosemite, Yellowstone, New York City, Turkey, Greece, the Greek Islands, Antarctica, the Galapagos, Polar Bear adventures to Churchill, Manitoba, Morocco, Costa Rica and Newfoundland just to name a few. Over the past 22 years we have toured with our photographers to all 7 continents. I look forward to sharing the many places this world has to offer and invite you to join me on one of our future journeys."
